ARC INSTRUCTIONS

All applications with accompanying exhibits must be submitted to Sunstate Association Management Group to the attention of Nicole Banks. Sunstate Management will distribute copies thereof to the ARC Committee members.

Applications are to be precise and thorough in order for the committee to have a complete understanding of the proposal

A professionally drawn site plan, where a site plan is required, showing all feature of the land affecting the proposal. In many cases this means the committee will want to see where the building lies on the lot and where the construction, improvement or alteration lies in reference to the side, front and rear set back lines required by local zoning or other government codes.

If the proposal does not involve alterations which extend away from the dwelling and its' appurtenances, then a site plan will not be required, but other relevant documents describing the work will be required with the application. For instance, if you plan to change the type of roof material, the committee will want to see samples of the new material. The ARC Committee presents recommendations to the Board for approval before any work starts. You will be informed of the Board's decision in a timely manner.

Within 14 days of completion of the improvements requested on this form, you are to notify Sunstate Association Management Group. Within 30 days upon receipt of the notice of completion the Architectural Review Committee will review the improvements and verify that compliance was met with the original request.

Emergency repairs, such as roof damage, window damage, removal of downed tree due to storm damage are exempt from this process. Additionally, no Architectural Review Request is necessary for exterior painting provided that the color will remain the same or in conformance with requirements of the Covenants Conditions and Restrictions.

You should refer to "Property Rights, Easements and Restrictions" and "Architectural Control" of the Osprey Landing Covenants, Conditions and Restrictions for details about changes to your property which require that you follow this process and request approval from the Board of Directors.
